

ASSEMBLY HARDWARE

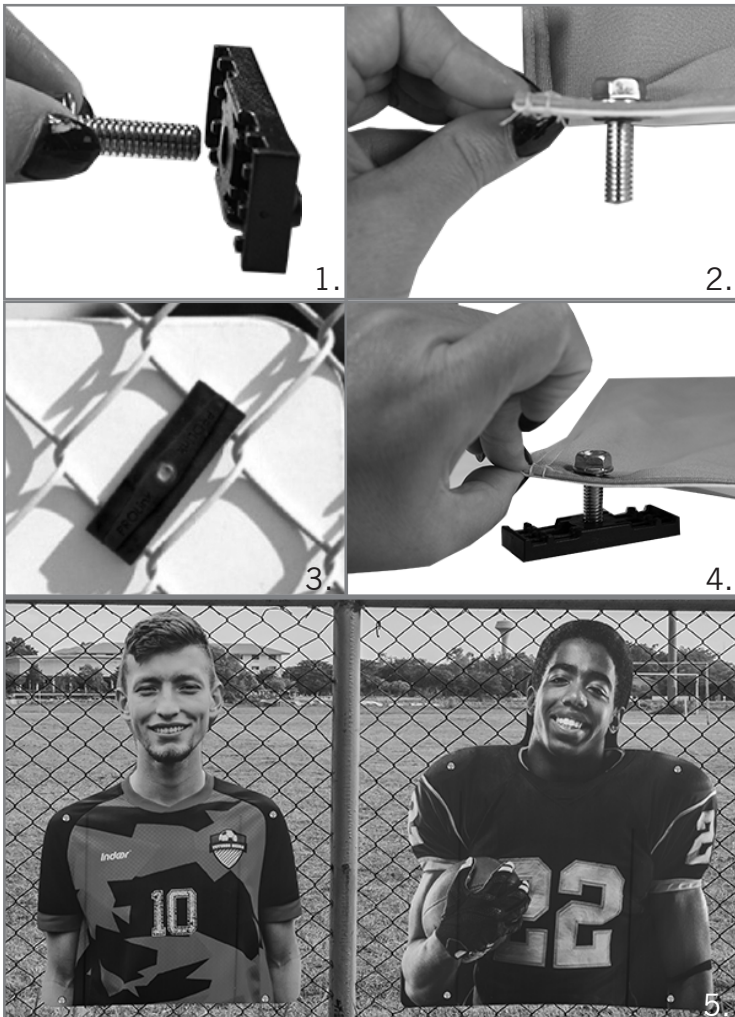

A.

A. Chain Link Fence Hardware

ASSEMBLY

ASSEMBLY

1. Unscrew the screw and separate it from the plastic casing.
2. Place the screw through the grommet or hole in the banner or sign.
3. Connect the screw with the plastic casing with the fence between them.
4. Tighten the screw to the plastic case until the banner or sign are secure on the fence.
5. Your banner or sign is ready to be used!
