

ASSEMBLY HARDWARE

- A. CARRYING CASE
- B. TOP POLES
- C. BOTTOM POLES
- D. 180° CONNECTOR

ASSEMBLY

ASSEMBLY

1. Connect the 3 thicker poles together to create the top pole.
2. Thread the top pole into the top pole sleeve of the parade banner.
3. Pull the banner until it is even on the top pole.
4. Connect the two thinner poles together with the 180° connector.
5. Thread the bottom pole into the bottom pole pocket on the back of the print.
6. Your parade banner is now ready to use!
